Reference Number:

Sterilized and/or Non-Sterilized Products:

We hereby certify that the components used in the production of the above item(s) were manufactured from medical grade materials and sterilized (if applicable) in a manner compliant with the Quality System Regulations as listed in 21 C.F.R. and ISO 13485. The above listed product(s) have been tested and verified to be in accordance with Standard Merit Procedures and the products where found to conform to all related specification

Regarding sterilized products, we also certify that contents of unopened, undamaged packages are sterile and non-pyrogenic. Biological indicators are used to monitor the ETO sterilization process per USP and ISO 11135. Merit Medical tests representative samples of products for endotoxins using procedures consistent with the FDA

"Guideline on Validation of the Limulus Amebocyte Lysate (LAL) Test as an End-Product Endotoxin Test for Human and Animal Parenteral Drugs, Biological Products and Medical Devices." Merit Medical products meet the USP limit of <20.0 EU/device. Additionally the ethylene oxide sterilization residuals are tested in accordance with ISO 10993-7 and meet the allowable limit provided in ISO 10993-7.

  
Merit Authorized Representative
